<b>I. IN</b>  Source Unedited draft Edited draft <u>Report</u> Other	8 May 59	Jr	Between the time of the eighth plenum of the PZPR (Polish United Worker's Communist Party) and Aug 1957, the party apparatus was reduced by 8,669 political workers from an estimated total of 13,000. If true, such a drastic reduction suggests that Gomulka is attempting to rebuild the party in his own image. The Trade Union apparatus has lost 2,000 or 44.5 percent of its employees. 25X1A9a The question of whether or not too much evaluation of sources  
25X1A9a appears in the text and methodology was raised by CH with  
25X1A9a [redacted] asking AD who in turn referred the question to D/CAIG  
25X1A9a [redacted]. On 18 May 64, [redacted] met with  
25X1A9a [redacted] to discuss this question. [redacted] ruled that, inasmuch as this  
25X1A9a report is not to be disseminated to the academic world and  
25X1X7 would be <sup>sent to</sup> US [redacted] NORAD [redacted] the text and  
methodology describing unclassified sources do not fall under the  
definition of "Evaluation of Sources." Therefore it may be released to  
Foreign Governments with the deletion of source listing and reference  
therein. (This RA was previously approved by The AD/RR in this  
format and with the text "as is.")
